Krishna Sweets

Creating sweets inspired by you sounds like a delightful idea! To craft confections that reflect your unique personalities, we could consider flavors, colors, and textures that resonate with you. For instance, if you're vibrant and energetic, maybe a burst of citrus flavors and bright colors would suit you.

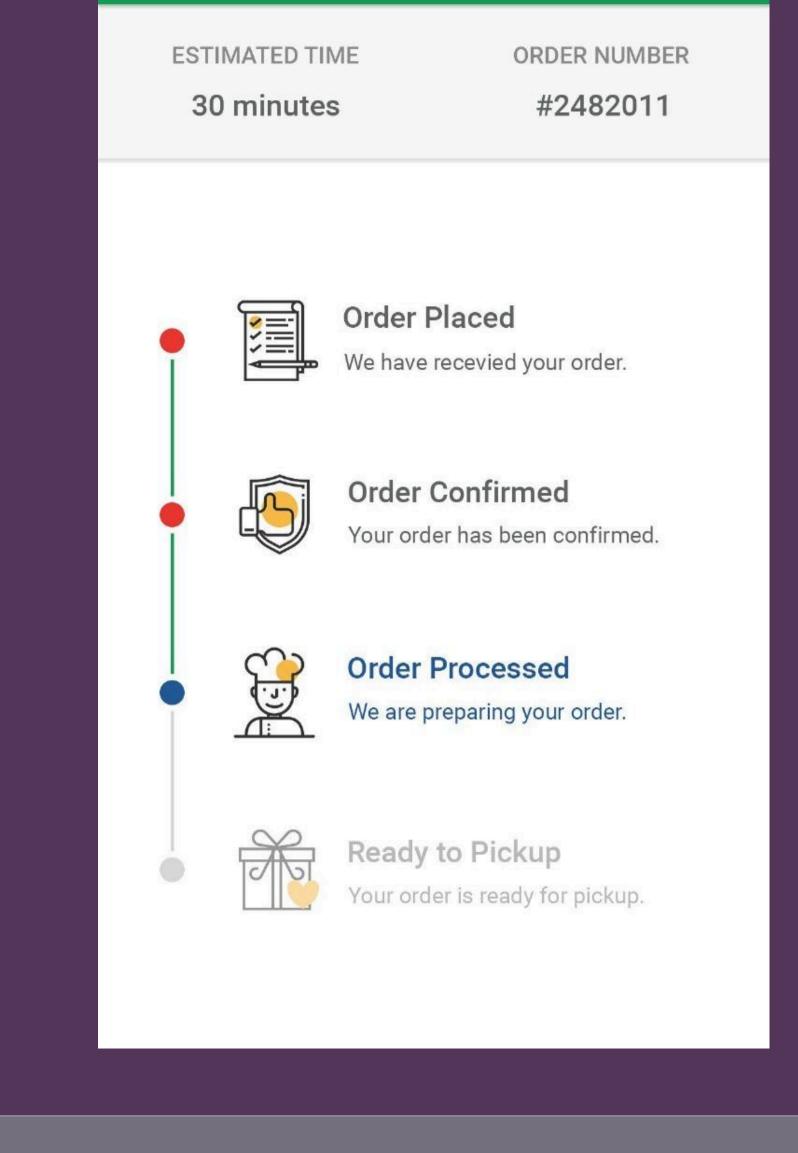

Process Timeline for Creating An App

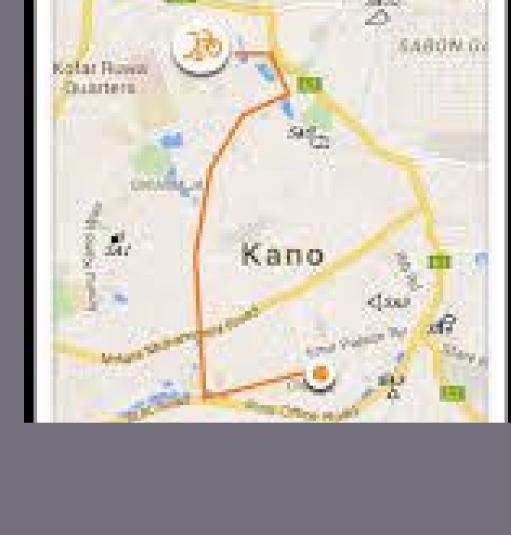

The process of creating an app consists of many complex stages, each of requires special attention. Understanding and managing the process wisely helped to achieve high results.

| Preparation | Research | Analysis |
|------------------------|-----------------------|-----------------------|
| Project brief analysis | Competitor's Analysis | Mood board |
| Setting goals | User Flow | Styles system |
| | User Personas | Wire-framing |
| | | UI design |
| | | Interactive prototype |
| | | |

Problem

The market for food-related apps, including those focusing on sweets, is highly competitive. Standing out among established competitors can be challenging

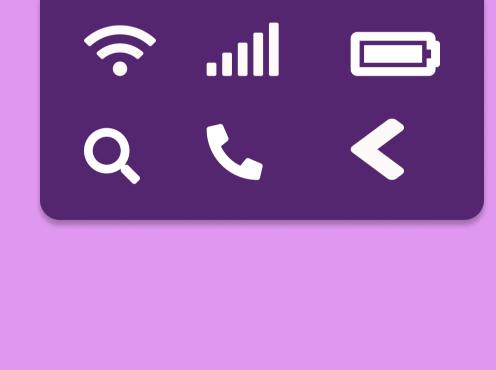

In order to solve the issues faced by

Solution

customers Krishna Sweets helps customers to see reviews and photos posted by customers. Helps them to deliver on time and track the delivery partners location.
